

KLOPP: Model TC (Token Cleaner)

The Model TC Token Cleaner is a table top vibratory bowl that is ideal for cleaning and polishing tokens and coins. Pour the included Dry Media into the bowl (for cleaning), add up to 500 tokens or coins and turn on the machine. Check the tokens or coins periodically for desired cleanliness, then remove them from the media by using the included Sift Tray and any 5 gallon bucket. The machine has a 30 minute timer or can be set to run continuously.
